look at the daily themes and decide where you can actively make a positive impact in your Richland County’s Public Health.

Public Health is part of all our lives. We each play a role, passively or actively, we have a part in all of it. Take an intentional look at the daily themes and decide where you can actively make a positive impact in your Richland County’s Public Health.

Daily Themes of National Health Week
Monday: **Racism: A Public Health Crisis** - Apply a racial equity lens to all decisions about policies and programs.
Tuesday: **Public Health Workforce**: Advocate for a diverse public health workforce and training addressing implicit bias and cultural competency.
Wednesday: **Community: Collaboration and Resilience** - Encourage local government to support and fund healthy community design.
Thursday: **World Health Day: Health is a Human Right** - Support public health leaders and workers defending our right to health.
Friday: **Accessibility: Closing the Health Equity Gap** - Encourage your representatives in Congress to support health equity legislation.
Saturday: **Climate Change: Taking Action for Equity** - Support your local health department to advance health equity and climate resilience.
Sunday: **Mental Wellness: Redefining the Meaning of Health**

**April is National Minority Health Month**
Give Your Community a Boost

Getting the COVID-19 vaccination and booster are ways to promote a healthy community.

Schedule your appointment today at Richland Public Health 419-774-4700 or visit richlandhealth.org/covid-vaccine-qa for a list of area providers. Richland County has vaccinated 54,916 individuals with at least one dose and the state of Ohio has vaccinated 7.159 million individuals as of February 28, 2022.

RPH’s Public Health Nurses offer Community Health Screens to help find diseases before symptoms appear. Prevention and early detection help individuals stay happy, healthy and safe. A few of the available screens include:

- **Type of Screening**
  - Blood Pressure Reading (Free)
  - Blood Sugar Check (Free)
  - Cholesterol Check ($12)

- **Checks Levels of**
  - Hypertension (High blood pressure)
  - Hypoglycemia (Low blood pressure)
  - Good cholesterol (HDL)
  - Bad cholesterol (LDL)
  - Triglycerides

Free education and referrals provide helpful information to the public about health issues and how to connect with community resources when those services are needed.

View the 2022 Schedule at https://richlandhealth.org

**DID YOU KNOW?**
Heart Disease and Cancer continue to be the leading causes of minority fatalities.

**April is Infant Immunization Month**

April is National Child Abuse Prevention Month

Child abuse and neglect definition (noun):
1. Any act or series of acts of commission or omission by a parent, caregiver, or another person in custodial role that results in harm, potential for harm, or threat of harm to a child.

2. A preventable act:
   - **Physical abuse**: Ex. hitting, kicking, shaking, burning, or other shows of force against a child.
   - **Sexual abuse**: Ex. fondling, penetration, and exposing a child to other sexual activities.
   - **Emotional abuse**: Ex. name-calling, shaming, rejection, withholding love, and threatening.
   - **Neglect**: Ex. withholding housing, food, clothing, education, and medical care.

How Communities Help Prevent Child Abuse and Neglect

- **Strengthen economic supports for families**
  - *Strengthening household financial security
  - *Family-friendly work policies

- **Change social norms to support parents and positive parenting**
  - *Public engagement and education campaigns
  - *Legislation to reduce corporal punishment

- **Provide quality care and education early in life**
  - *Preschool enrichment with family engagement
  - *Quality child care with licensing and accreditation

- **Enhance parenting skills to promote healthy child development**
  - *Early childhood home visitation
  - *Parenting skills and family relationship approaches

- **Intervene to lessen harms and prevent future risk**
  - *Enhanced primary care
  - *Behavioral parent training programs
  - *Treatment to lessen harms of abuse and neglect exposure
  - *Treatment to prevent future problem behavior and violence

Infant Mortality: Richland County

**February 1**

**Year To Date:**

Infant mortality is defined as the death of a baby before his or her first birthday. Infant deaths are considered an important indicator of the overall health of a society. Remember:

SAFE SLEEP ABC's: **Alone, on Back, in a Crib.**
